Secure Solo

A wireless only signalling service

Secure Solo is a cost effective Grade 2 signalling service designed for use where there is no landline or as a digi replacement.

Based on our standard **Secure** product and using wireless signalling it can be installed anywhere that receives a good GPRS signal.

- With no call costs and providing standards compliant Grade 2 signalling it is an ideal replacement for a digital communicator
- Easily upgraded to Secure 2, 3 and IP to meet customers changing needs over time
- Supplied with our roaming SIM as standard for highest network performance
- Secure Upload / Download functionality allows installers to securely access their alarm panels remotely allowing fast, effective, around the clock support and without the need for a costly site visit
- Allows customers without a fixed line to benefit from a high quality monitored alarm system
- Easily moved from one location to another and suitable for rapid deployment such as urgent service provision, temporary deployment and short term use**
- Ideal for construction sites, vacant properties, remote buildings, cabins and outbuildings
- Mobile assets, such as boats, heavy machinery, caravans, catering trailers etc. are also perfectly suited*
- Simple, easy to fit and maintain, it is backed by our customary 24/7 365 help desk, regional engineering support, local training and general service

By choosing **Secure Solo** homes, businesses and assets will be protected for the future, as well as the present. Should needs change, **Secure Solo** can be adapted accordingly.

If you are interested in learning more about Redcare please contact your Redcare regional sales manager, call **0800 800 628***** email redcare@bt.com or visit www.redcare.bt.com.

NOTES

* Mobile assets refer to assets sited in a fixed location. e.g. a boat moored in a harbor. It's the customer responsibility to notify the ARC of the location of the asset and if that location changes. **Secure Solo** will only signal an event, not the location of that event.

** Minimum rental is for 12 months; however a unit location can be changed as many times as you want in that rental period.

*** Calls to this number are free from BT landlines and BT payphones. However, they are not free to call from mobile phones – the cost will vary between service providers.
